

Lipsense

I am so in love with Lipsense, I signed up to become a distributor to bring it to all of you lovely ladies! That's right, 3 months ago I took a big jump into selling Lipsense and Senegence products, and it has been such a fun ride so far. Here is everything you need to know about this magical lipstick, including how you can purchase your own.

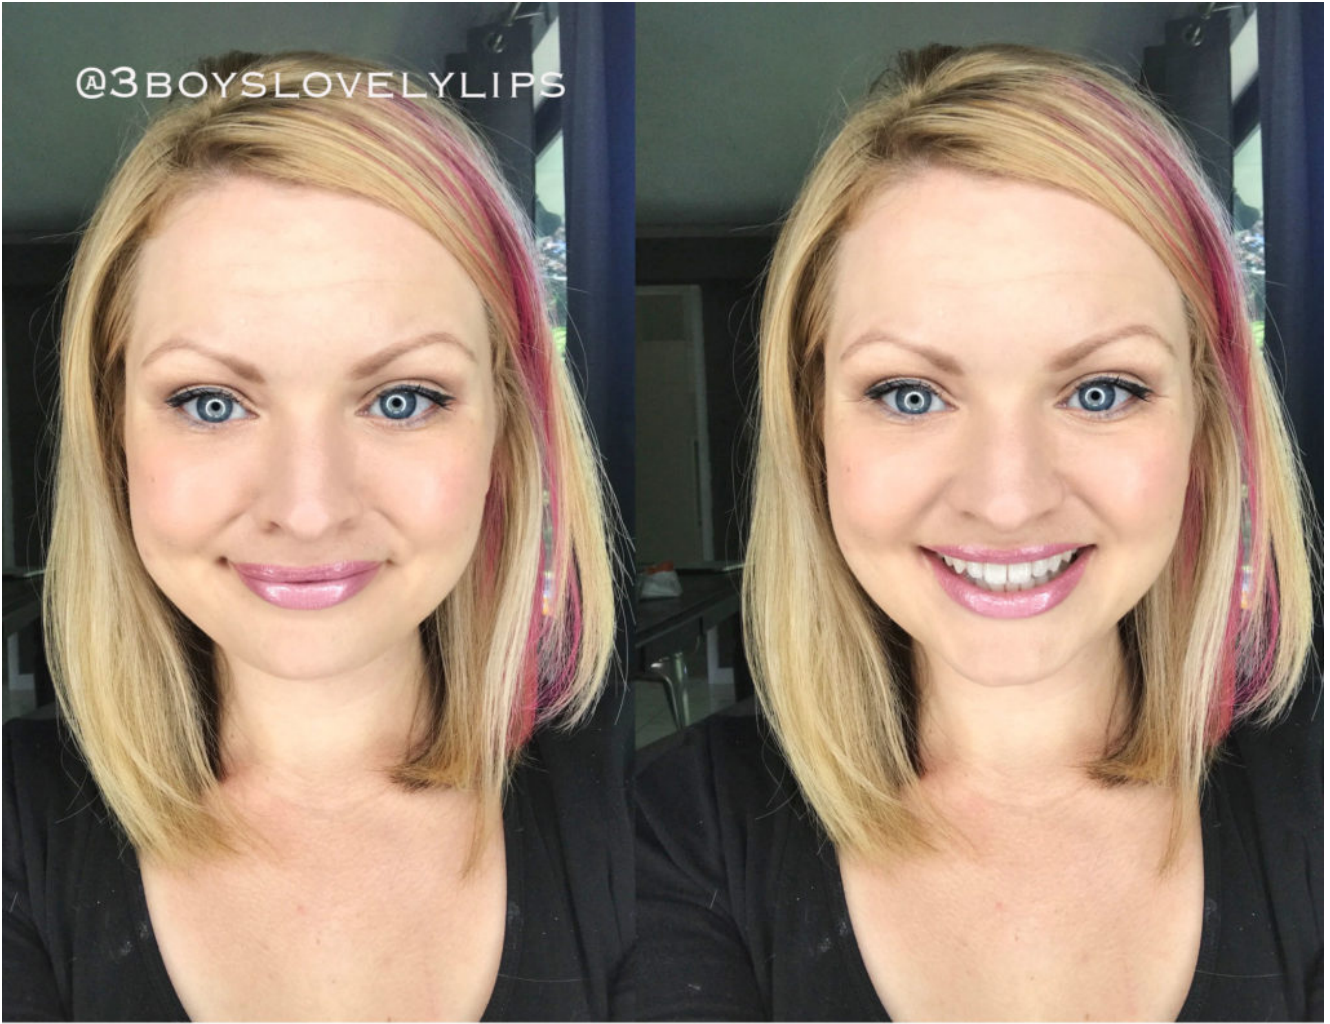

What is Lipsense?

Lipsense is a magical, smear-proof, kiss-proof liquid lip color that can last up to 18 hours! With 36 colors to choose from, there is a shade for everyone. Careful though, once you have one, you might want them all! But that's ok, because you can purchase a starter kit for \$55 or for the same price you can sign up to become a distributor too and start making money while growing your own Lipsense color collection!

Yes, you read that right! One application of Lipsense can last anywhere from 4-18 hours. I apply my Lipsense at the beginning of the day, and at night I actually remove the SAME Lipsense from my lips before bed with my Opps! Remover. How awesome is that?

Lipsense is a non-wax, liquid lip color (not a stain) that protects your lips from the elements, and believe it or not, will make your lips softer and smoother than ever before. As a non-lip stick or chap stick wearing girl myself, I was shocked at how smooth my lips became after using Lipsense for just a short period of time. It gets even better, because Lipsense is formulated with naturally-recurring ingredients, formulated in compliance with FDA regulations, and my favorite part... made in the USA!

How Much is Lipsense?

A Lipsense Starter Kit that includes a Gloss + Opps! Remover is \$55. Additional colors can be purchased for \$25, and glosses for \$20. As previously mentioned, if you call in love with this product you can also join my team for \$55 and enjoy the freedom of creating your own hours and working from home while helping your friends and family discover this amazing magical lipstick!

What Other Products Does Senegence Offer?

I will admit, I had no idea how amazing this company was before I signed up to become a distributor! Senegence offers everything from high quality skincare, to Anti-Aging Foundation, to Detoxifying and Moisturizing masks, and so much more! I have fallen head over heels in love with all of their products and so many customers of mine have too! I never imagined being able to get 50% off some of the best skincare items around!
